Antonie Pannekoek,

My dear Sir,

On behalf of a group of serious workers who have concentrated on a study of various scientific subjects as well as of social problems; we would be very happy if you could spend one evening with us whilst you are at Harvard.

We have read your "Marxism and Darwinism" and studied your preface to Dietzgen's "Positive Outcome of Philosophy".

Enclosed you will please find a stamped return envelope for your convenience. Kindly let us know what evening you can spend with us.

Very truly yours,

I. Rabinowich
